Road Work Begins

Work on the Powell portion of the road at Plum Creek began Monday with a force of men and teams and will be pushed to completion. All of this work is being done by private donations. The same people who are doing this work have already in time past put up more than \$4,000 on their road. These people want a good road to Clay City and are going to build it themselves if the county of Powell is not able to help.

We have no harsh words for those who feel that what road funds the county has should be put on other roads. We only hope to see the county do this.

One thing is very commendable of the Fiscal court, it certainly desires to do so, but it does not think it wise to spend much money for road construction save on the Federal aid road.

We are for this Federal aid road and are for the Fiscal Court which is one of the best in the state of Kentucky.

After you have read of this road work, go see it if you can, then mail the Clay City Times a donation from \$1.00 to \$25.00 to help on this work. Due credit will be given through these columns. The work shows where the money goes.

Lieut. White in Clay City.

Lieut. Commander, Hugh L. White and wife visited his uncle, T. G. White, of this city Sunday night. Mr. White was on his way home at Burning Springs, Clay county, Ky. From there he will go to California and take charge of the electrical dynamos, ect. on the Battle ship—Tennessee, one of the four largest of the United States, there being enough light plants on the ship to supply the city of New York with electric lights. It is 610 feet long and 100 feet in the beam. During the war Mr. White was with the Pacific fleet that Vice Admiral Sims, also a Kentuckian, of the same section commands.

Installing Light Plant

Martin Ford, the Slade merchant, has purchased of the local agent here one of those splendid Willys electric light plants. Edmon Burgher has been there this week wiring his home and store preparatory to putting in the plant sold. Home and farm lighting plants are becoming very popular, and in but a few years, they will be as numerous in the rural districts as automobiles are now.

Bank Report

The Clay City National Bank has another of their splendid statements in this issue of the Times. No bank in the State ranks higher than the Clay City National from the point of efficiency and safety.

Dr. S. F. Hamilton, the dentist, is in his office here this week, and a very busy man is he.

The Railroads' Persuasion

The people of this country are anxious to know what manner of persuasion the railroads exercise over the officials of this fair land of ours to continue in the perpetration of their hold-up in rates. The statutes give them no power, as we read them, to charge the increased rates allowed in the strenuous high-price war-times, allowed by agreement of those in charge of the laws.

The Times believes that in normal times there is no authority that can abridge the mandates of the law, and it further believes that a legal tender of rates prescribed by law would be upheld by the courts of the land and any excess charged be collectable by the party so paying excess charges. We hope to see this point tried out in the courts.

Church Building Completed

The M. E. Church has just completed a nice church building at Harget. J. C. Everman, of this county, being the contractor. It will take the place of the M. E. Church at Kimbrell that has become unfit to hold services in. This new edifice will be dedicated some time in October, and given a name on the day of the dedication.

Meeting Closes

The Saints Tent Meeting on Frames Branch closed Sunday night after several days duration. These meetings have been largely attended and much good accomplished. The young man who disturbed the services the first Sunday of the meeting has been fined \$100 and received a 20 days jail sentence besides.

Material for Shale Plant Here

Another car load of material for the shale plant will arrive this week and be hauled over. The belief is that this company will soon complete one retort and start operations, if but in a small way at first. The depressing times probably is hindering the enterprise as it is hindering every other business.

Mothers' Club

All mothers especially, those who have children in school, are urged to meet at the school house Monday 19th to organize a Mothers' Club. This is very important for the upbuilding of our schools, so hope all will come and take part in this work.

Moves to Louisville

The Rev. Geo. A. Zuern is moving to Louisville, Ky. where he will do pastoral work in his church. The Rev. Zuern is a splendid young man who has many friends in Clay City who wish him well in his new venture.

The Show

Hugo Bros. circus showed here this afternoon; but are pulling stakes to move, leaving off the night performance. Many left off the first performance intending to go at night.

A. T. Whitt Buys "Illyria" Home

Through a deal which was closed on Saturday morning, Mr. Addison T. Whitt, president of the Winchester Bank, became the owner of the late T. C. Robinson home "Illyria" located on Moundale avenue.

The price paid for the home is private, but it is said to have been procured at a bargain. Mr. Whitt, according to the present arrangement, will get possession of the property on or about the first of November at which time he expects to move his family to this city to reside.

Mrs. T. C. Robinson, who has been residing at the place, will likely remain in Winchester, as she owns several other pieces of real estate, which she has leased for several years.

The home has surrounding it included in the deal, about four acres of land, and all necessary outbuildings and has all modern conveniences. It is one of the most ideal locations in the city. —Winchester Sun.

School Began Monday

The City High and Graded school began Monday morning with Mrs. Payne, of Frankfort, superintendent; Mrs. Whittinghill, of Harrodsburg, teacher; Mrs. Franklin Smith, Clay City, and Miss Opha Frazier, Stanton, teachers. A good attendance was present on the first day, and the school with this admirable corps of teachers promises a successful term. All of the teachers in the school taught here last year except Miss Frazier.

Find Auto Travel Cheaper.

Noah Puckett and family arrived here Thursday from Middletown, Ohio, for a visit to home folks on Hardwick's Creek. They came through in a machine at an expense of less than four dollars whereas it would have cost them \$25.00 to have come through on the train.

Taken Suddenly Ill

Eugene E. Freeman was taken suddenly ill Friday and was taken to the hospital at Lexington Sunday, thinking his trouble might require an operation. He is getting along nicely and will escape the knife which is very gratifying to his many friends here.

Improvements

Sam Carr is putting down a concrete walk in front of his business house. Joe Mountz is concreting a basement under his residence and has also built a nice concrete walk from his dwelling to the street.

Bro. Nelson Returns

The Rev. J. R. Nelson attended conference at Somerset last week. He will return to Clay City, the Times is very glad to learn. Brother Nelson is very popular with his churches of this circuit.

The Rev. W. L. well known to our readers, goes to Simpsonville near Louisville.

Baxter Thanks His Friends

Nicholasville, Ky.,
August 30, 1921.

To the Citizens of the 25th Judicial District of Kentucky:
Ladies and gentlemen:

After a diligent study as to the best method by which to express my thanks and gratitude to

the people of the 25th Judicial District for the honor they conferred and responsibility imposed upon me, on the 6th day of August, 1921, I take this method of expressing my most sincere thanks and appreciation for the Democratic nomination for Commonwealth's Attorney.

It was a strongly contested fight and my nomination was not due to any superiority of mine over my opponent, but was due to the loyalty, never ceasing efforts and continuous hard work of my friends and the great principle of Democracy "Rotation in Office" upon which we Justly sought the Democratic nomination.

My constant invocation to Him who rules and governs the destiny of all men is that He will direct my path and give me courage, determination and wisdom to perform the duties of the office of Commonwealth's Attorney, so that my friends will always be glad they secured my nomination and those who opposed me will never regret my election.

With a heart overflowing with never ceasing gratitude to those who supported me and no ill will to those who opposed me, I am,
Your obedient servant,
W. J. BAXTER.

Help Those Who Help Themselves

The road from Clay City to Irvine has justly been regarded the worst of the main roads leading from Clay City. The people for the first five miles out have been persistent agitators for a good road to Clay City. Three miles of this road is in Powell and two miles in Estill county. These people have never demanded, but only asked help. To date they have subscribed and paid \$4,254 00 on this road and the bridge across the river, as follows:

On Bridge.....	\$1,122 00
On cutting down Hill three years ago.....	1,632 70
On Estill county road this summer.....	1,500 00
Total	4,254 70

Estill is completing its two miles of road, but Powell is not aiding in the construction of its three miles, but the people are, and work is progressing. Don't you wish to help? Then mail this subscription blank today with any amount from \$1 to \$25 to Clay City Times and proper credit will be given through these columns.

.....1921

I desire to aid the Powell-Estill Road Donation Fund, and am thus enclosing..... Dollars \$..... to forward the work now begun on this road.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

Hatchers Creek

Mrs. Hugh Johnson celebrated her 80th birthday Sept. 13th, 1921. Many of her friends and relatives were present to take dinner with her. Her brother, Sant Hall and wife, and her daughter, Mrs. John Reed, from Hardin county; Mr. and Mrs. John Ashley and Nannie Ashley, Winchester; Mrs. John Sherden and son, of Estill county, were there to spend the day, besides many others. All of her children were present, except her two sons, John and Charlie Johnson, of Clark county. She seemed to enjoy the day splendid, while she is among the oldest women of the county. Fifty one took dinner with her and we can only hope that we will be permitted to meet with her one year from this day again.
